

# Rishav Goswami

## Software Engineer

I'm a professional Frontend developer with almost 3 years of experience. I am passionate about coding and good at problem-solving tasks while designing UI comes very naturally to me. Working in an Agile environment made me more adaptable and susceptible to changes.

## WORK EXPERIENCE

### Software Engineer Netcracker Technology

06/2017 – 10/2019

Bengaluru, India

It's telecom centric software company works on OSS/BSS domain.

Project - 'Digital Sales'

- It is a cloud-based enterprise solution developed by Netcracker R&D Team bridge the gap between sales, engineering, and marketing team by maintaining data produced by the various team to drive the business in a better way.
- Developed various UI design and reusable components in angular.
- Built reusable library in angular for parsing human expression using ANTLR.
- Participated in daily scrum and grooming meeting for discussion on feature development with team and BA.
- Participated in code review for various feature developed by the team.

Contact: Prashant Jain – Project Manager/Line Manager

### Software Engineer Netcracker Technology

11/2019 – Present

Bangalore, India

SFA Baseline

- Working a team leader of the POC team, which is responsible for preparing the product for a client demo.
- My daily task involves 80% coding and 10% discussing the requirements with the Sales Engineer and 10% include code reviews to ensure the delivery of feature on time etc.
- More than 50% of work involves Data visualization via a dashboard, which acts as a great selling point.

## EDUCATION
